

## **Michael J. Wielgus II Foundation Second Annual Golf Outing**

The Michael J. Wielgus II Foundation, established in memory of Michael “Wiggy” Wielgus, offers its global mission to contribute to the advancement of research for a cure for pediatric cancers as well as support to the community: to families of children fighting cancer and through scholarship awards to local graduating high school seniors.

Michael was granted his angel wings on March 28, 2013, after a courageous two-and-a-half year battle against brain cancer. The cure for Michael was not discovered in his short lifetime, however it is our fervent hope that events sponsored by his Foundation and money raised in his name will help fund the fight against pediatric cancers so that one day families will not have to bear the heartbreaking loss of a child to this insidious illness.

This past year the MJWII Foundation awarded five scholarships to graduating high school seniors. Plans for the upcoming year include additional scholarship awards, donations of meals to families staying at the New Jersey and New York Ronald McDonald Houses and an opportunity to meet the need of a child in treatment at Memorial Sloan-Kettering Cancer Center.

Michael’s battle defined the reality that pediatric cancer research is vitally important to our future generations yet still has such a long way to go. His dream was to help make a difference to the families of children standing on the front lines of that battle. Through the Michael J. Wielgus II Foundation we are working to make Michael’s dream a reality.

*No family should have to hear the words you have cancer, especially a child.*
